Product Bulletin

Spot leak Leak Detector

Description

Spot leak is a concentrated oil soluble dye for use in hydraulic oil systems to detect leaks within a hydraulic system. **Spot leak** contains mineral oil for increased solubility and anti wear additive to ensure the hydraulic oil additive level is not depleted.

Recommended Applications

Added tankside **Spot leak** should be used at 1 to 2 quarts per 100 gallons.

Typical Characteristics

Property	Value
Appearance	Dark Blue liquid
Pounds Per Gallon	7.26
