## Product Bulletin

# Vulclean FC-5131

## Heavy Duty Orange Solvent Maintenance Cleaner

### Description

**Vulclean FC-5131** was developed for heavy duty cleaning where conventional cleaners have proven to be insufficient. This highly built phosphate free detergent utilizes a dual surfactant system and D'limomene. **Vulclean FC-5131** breaks up oily films, grease, and old dried mixed soils even with cold water. The exceptional penetration power of this product saves time and money. **Vulclean FC-5131** may be employed in scrubbing and steam cleaning equipment.

### Performance Benefits

- Effective in cold water
- Exceptional solvency breaks up tough greases
- Will not clog steam or spray gun nozzles minimizing down time
- Compatible with all metals

### Recommended Applications

**Vulclean FC-5131** is typically used in mechanical floor scrubbers at a level of 2% to 5%. For cold water applications up to 7% may be needed.

**Vulclean FC-5131** can be used to clean out machine sumps and pipes by adding 1% to 2% by volume to the coolant prior to dumping.

**Vulclean FC-5131** should be diluted at a rate of 1.5% to 10.0% for hand wiping and pressure washing applications.

### Typical Characteristics

Appearance	Clear transparent liquid with a citrus odor
pH (2% solution)	9.2 to 9.8
Specific Gravity	1.05 to 1.10
