## Product Bulletin

# Vulclean SC

## Moderately Alkaline Spray Cleaner

### Description

**Vulclean SC** is an economical mildly alkaline, liquid compound, designed for the removal of chips, soils and bio-film in coolant systems. **Vulclean SC** is low foaming and will provide short-term corrosion protection to freshly cleaned systems. **Vulclean SC** may be added directly to the coolant solution prior to dumping.

### Performance Benefits

- Low foaming
- Does not require rinsing. Just empty the tank after cleaning and recharge with fresh coolant

### Recommended Applications

**Vulclean SC** should be used at a rate of 2% to 6%. Circulation time should be 10 to 60 minutes depending sump size and soil load

### Typical Characteristics

Appearance	Clear amber liquid
Specific Gravity @72F	1.04 to 1.07
pH (neat)	10.0 to 10.8
