## Product Bulletin

### **Vuldra 8518**

#### **Heavy-duty Drawing Oil**

#### **Description**

**Vuldra 8518** is a heavy duty drawing oil intended for both ferrous and non-ferrous metals. This unique formulation of chlorinated additives, synthetic esters and low viscosity base oils make **Vuldra 8518** ideal for drawing and forming applications.

#### **Performance Benefits**

- High levels of extreme pressure additives extending die life and reducing scoring and galling
- Lower viscosity allows for easy cleaning

#### **Recommended Applications**

Drawing and stamping of ferrous and non-ferrous metals

#### **Typical Properties**

	<b>Vuldra 8518</b>
Appearance, Concentrate	Clear yellow liquid
Odor	Mild
Viscosity, SUS @ 100°F	240 to 260
Chlorine	Yes
Sulfur	No
Active Sulfur	No
